RIDE FOR RESEARCH

Supporting the Harry Perkins Institute

Giving back to the community and supporting a culture of generosity is very important to the people of WA, hence our philosophy that cancer research is so important to everyone in the broader community.

That's why, after a fantastically successful 2021 ride, Team Bis is returning to raise money for the Harry Perkins Institute of Medical Research by taking part in the MACA Cancer 200 Ride for Research this October.

Why join team Bis:

Directly contribute to raising \$35,000 for the Harry Perkins Institute of Medical Research

Position yourself alongside Bis in an event heavily participated in by other companies in our industry

Expose your brand to our 22k social media following and 1.6k workforce across Australia and Indonesia

Give back to the WA community.

Want to know more about the race and the cause?

cancer200.org.au

How your sponsorship can make a difference

\$10,000

Helps to sequence cancer tumours into individual parts to assist in the treatment discovery.

\$7,500

Helps progressing promising drugs from the benchtop to clinical trials.

\$6,000

Helps to continue research such as honey-bee venom for breast cancer that's been proving successful in the lab.

\$3,000

Supports over 200 researchers, scientists, and doctors in their mission to end diseases such as cancer, diabetes, and heart disease.

Every donation counts.

Scan the QR Code to donate

The nitty gritty

- We require your logo in EPS or vector format (NOT jpg or png). We can use this logo in reverse or normal.
- The deadline for getting your logo to us is 12 August 2022.
- Don't forget every donation is tax deductible!
